Vol XXXIV. UKIAH, MENDOCINO COUNTY, CALIFORNIA, MAY 13, 1910. Number 47

INDIANS CAPTURED THAT SHOT OFFICER

Last Friday afternoon both of the Indians connected with the murder of Sheriff Kemp of Lake county were capturded near Upperlake and Indian Agent Coggeshall succeeded in securing confessions from them and in fact was able to secure the clew which led to their arrest from the Indians, most of whom respected the sheriff and were anxious to see his murderers in custody.

Andy Moore who was arrested first confessed and said that Louie Augustine was the one who did the shooting. When Augustine was arrested and found that Moore had squealed he then told his story. He said that he did not intend to kill anyone and that the rifle which he had accross his lap went off and that the shooting was not intentional. He did not know he had killed the sheriff or that he had shot anyone until he went to his father's wood camp and the father went to town and found out about the shooting and came back and told him.

It seems that the Indians who are about 18 or 19 had been desirous of going to Hopland for a time and that they concluded to take the horses Wednesday night thinking they would not be missed from the pasture and rode to Scotts valley spending the night. They then took the saddles from the Doolittle and Scott ranches and rode to the edge of an alfalfa field where they turned the horses in and cached the saddles in the brush.

As they were getting hungry Andy Moore said that they could get food at Poes cabin which they did and started to return to get the horses. When near the field they heard some one and saw Doolittle tracking the horses. They ran back to the cabin supposing he would find them. After dark they left the cabin taking the rifle and shot gun which they found there and concluded to go and see if the horses had been found.

Moore stopped over and lighted a match to see if the saddles were still there and Augustine was crouching a short distance back of him with his gun accross his lap. The sheriff called to them to throw up their hands and was shot. The boys ran aad in their excitement separared and went to their differhomes. They claim to have been so excited that they did not know they were shot at. Augustine went back with the officers and showed where he had hid the rifle in the brush on the hillside. Each had a complete alabi arranged and if Agent Coggeshall had not secured the confession it is probable that they would have never been apprehended.

FISH HATCHERY WILL REOPEN

Col. La Motte returned from the spawning station at Eel river last week and reports that he secured a quarter of a million eggs for the local hatchery. The hatchery is to be handled by the state fish commission and it is to be hoped that the colonel will be placed in charge as he is well liked by the people of Ukiah and his previous management of the institution has shown that he was perfectly competent.

THREE PEOPLE HURT IN AUTO ACCIDENT

Superintendent John Ross of the Mendocino Lumber company and party went over the grade in their auto near Comptche Sunday evening. Mr. Ross had several ribs fractured, Mrs. Ross had her collar bone broken and Mrs. George Lammers was badly bruised and was unconscious for several hours and was also partially paralyzed. A. A. Heeser was slightly scratched but otherwise unhurt.

The accident occurred on the way home from this city the party having attended the Santa Rosa carnival. It is supposed that the stearing gear failed to work as the accident occurred on an almost level stretch of road The embankment was so steep that a trail had to be cut before Mrs. Lammers could be carried out of the canyon. The machine was a complete wreck, Dr. S. L. Rea and Dr. F. E. Rea happened along just after the accident and were able to give the sufferers temporary relief although they had no medicine chest with them.

THREE COUPLES WED AT ROSE CARNIVAL

Last Saturday was a busy day for cupid and his arrows were flying thick and fast among the young people who went to Santa Rosa to attend the rose carnival. Among the many victims there were three couples from Mendocino county.

Winnie A. Cox and Miss Mildred Jamison were the first to secure a license and were married by Justice Atchison. The bride is one of the most popular young ladies of Ukiah and the groom is the son of William Cox, proprietor of the Cox Hardware company in this city. Both the young people have many friends who wish them a long and happy wedded life.

Bryon S. Beal, of Sherwood, and Miss Edith Babcock, of Cahto, went down to see the carnival and while there fell victims to cupid's darts and were married. The groom is manager of one of the largest stock ranches in the northern part of the county and owns the Sherwood meat market. The bride is the daughter of Mr. and Mrs. J. H. Babcock of Cahto and is a popular and talented young lady. After a short honeymoon they will return to Sherwood where they will make their home.

Charles H. Freeman and Alice B. Carter, both of Laughlin, were also married on Saturday. They are a popular young couple and after spending several weeks in San Francisco and the bay cities they will return to Laughlin to make their home.

PROSECUTING WITNESS DISAPPEARS

Lynetta Smith, the chief witness of the prosecution in the indictment against Dr Willard P. Burke of Burke's Sanatarium near Santa Rosa, on the charge of having exploded dynamite with the intention to injure a human being, has disappeared. The woman has been gone from Berkeley since April 19rh. She had been staying in the University city with the family of William Files prior to the time and on the date mentioned stated that she was going to San Francisco. She took her child with her and has never been heard from or seen by any of her intimate acquaintances since that time. The woman left portions of her clothing and personal effecta at the Files residence, as indicating her intention to return. The officers have as yet been unable to gain any knowledge of the woman's abode.

GROWTH OF THE MAXWELL FACTORY

The Maxwell-Biscoe automobile company have just issue a neat little booklet telling of the enlargements of their factories since they started manufacturing the "Maxwell" cars. During the year 1904 they manufactured 10 machines, in 1905 823 cars were completed, 1907 they made 3785, 1908 4455, 1909 9460, and up to March 31 1910, they had turned out 4677 and the estimate for the balance of the year is 18,000 completed automobiles.

BLACK BESS GETTING RICHER

Jeff Dicken wrote to District Attorney Robert Duncan this week from Tuolumne and says that the Black Bess is panning out far better than he ever expected. He says that he and his partner F. L. Daves took out sixty pounds of ore last week that will pan over $100. The vein is getting wider and richer as they go down. Jeff is very enthusiastic and says they are figuring on putting in a stamp mill.

Eagles Will Hold Sway Next Week

Great preparations are being made for Eagle's Convention, Carnival and Mardi Gras to be held in Ukiah next week, beginning Monday morning and ending Saturday evening, May 21st. The entire city is overgoing renovation and everyone has joined with the Eaglef and are using every effort to make this the best and most successful carnival and convention ever held in this state. The town has an entirely new appearance with the newly painted storefronts and the flags and banners that are floating from every business house in town. The streets have been prettily decorated with streamers carrying flags of red and yellow and the flag of the nation, red, white and blue, and strings of electric lights. Ukiah is gayly clothed and the sight on entering town either during the day or at night is very pleasing.

The big convention will begin at ten o'clock Monday morning by a reception to the delegates and visiting Eagles at the convention hall and from that time on there will be regular business meetings of the order. On Thursday evening there will be a banquet in honor of the delegates and their escorts.

In the way of amusements the committee have secured several of the best companies and there will be no end to the number of shows and places of amusement that will be in town during the week. Among them are the Flea Circus, the wild animals, Glass Blowers, Man-Eating Sharks, including the largest shark that has ever been captured, Monkey cages, human roulette wheel, the ferris wheel, Palada costumes, Kidnapper the great trick horse, Dixie Land, etc. Carloads of tents and costumes are arriving here this week and the ferris wheel is expected to come in on to-night's freight. This committee has been very fortunate in securing so many good companies and they all come highly recommended from the largest cities in the United States.

The tent to be used as the convention hall has been erected on the lot near Cleland's hall and covers a space of over 6000 square feet. The shipping weight of the tent was over five tons. The accomodation committee think that they have a sufficient number of rooms for the hundreds of people that will be hese during the week. R. L. Hutchison has just ordered a hundred more cots which will be kept in the event that there are some of the visitors who can not get rooms. Everyone in town who has a spare room has sent their name to the committee and nearly half of the visitors will b . sent to private homes.

On Wednesday afternoon there will be automobile races at the race track and many of the fastest cars on the coast have been entered. Among them are the Buick and the Ford, winners of the races at Santa Rosa last week. The track has been well banked and some fast time will be made by the racing cars. There will be several motor cycle events and an interesting race meet may be looked forward to.

The following is the program for the week;

Monday—Informal reception to delegates and visiting Eagles at convention hall at 10 a. m.; music by the band; State aerie called to order by President R. L. Hutchison of Ukiah aerie; invocation by Rev. Paul R. Dickie; address of welcome, Mayor T. L. Carothers; response, State President, C. A. Glover; song by quartette; address of welcome, Hon. John L. UKIAHITES ATTEND CARNIVAL IN AUTOS

The Ukiah Auto club was represented at Santa Rosa during the carnival by eight automobiles which left here Saturday morning and returned Sunday evening. On nearly every machine from Ukiah there was a sign on the back of the tonneau, "F. O. E. Ukiah, May 16-21." In the party were G. A. Johnson and family in their E. M. F. touring car; George Lambert in his Reo, accompanied by his son Carl, R. L. Hutchison and Mr. Heryford; Irving Brush and wife in their Buick White Streak; Cecil A. West in his Overland, accompanied by Mrs. S. P. West, W. O. White and wife and daughter Veta; Mrs. E. B. Gibson and daughter in her Buick 40, accompanied by Miss Jessie Stanley and Miss Irene Hildreth; George Jamison and family in their Chalmers 40, accompanied by J. A. Jamison, Jr., and family; George Richardson and wife in their Reo, accompanied by Mr. and Mrs. M, L. Gibson; John Brown in his Tourist, accompanied by Judge J. Q. White.

A good time is reported and the roads between Hopland and Preston are in better condition than they have ever been before. There are a few rough places between the State Hospital and the Hildreth ranch, but it is understood that Supervisor Smith will put a team and scraper on this road and have it in good condition in a few weeks.

MORE ROAD WORK BEING DONE

George Lambert and a party of four men left Ukiah early Wednesday morning in Mr. Lambert's auto to do more work on the road between Echo and Hopland. On the trip to Santa Rosa a few rough places were found in the road and Mr. Lambert and crew were at once sent down by the Auto club to smooth up this piece of road.

Mrs. Robert Anderson is visiting her son Paul and family at Sausalito for a couple of weeks.

ROBERT DUNCAN TO BE CANDIDATE

In this issue will be found the announcement of District Attorney Robert Duncan as a candidate for the democratic nomination to succeed himself. District Attorney Duncan has been hesitating in the matter of announcing his candidacy but the pressure brought to bear by his friends was so strong that he was forced to make up his mind.

District Attorney Duncan has made a record of which any official should be proud. Eight years ago when he was elected to office he was practically an unknown man in the county and his legal experience was limited. He has prosecuted the duties of his office with such energy and close attention that he has now come to be known as one of the most efficient district attorneys in California.

Regardless of whether the case before him was popular or not he entered into the prosecution with the sole idea of doing his duty toward the people regardless of the will of the politicians. Some of the most famous criminal cases tried in the history of the county have been handled by him in a manner that reflected credit to his office. The fact that he secured convictions even when opposed by the best counsel in the state has demonstrated that his judgement in crimnal cases is remarkably good and than he has not wasted the peoples money prosecuting cases where the evidence was insufficient to convict.

During his incumbency it can also be said that he has secured a number of confessions and that a number of criminals n w doing time were sent to prison on their own confession without a trial which proves that he has not gone in for the spectacular and that he has attended to the enforcement of the laws of the land in a manner that has best served the interests of the people and has been the least expensive. Barring the fact that he is a democrat he has made an ideal official.

NAVARRO COMPANY WILLING FOR GRADE

Supervisor Gillmore reported Monday that he had seen Messrs Cook and Curtis who represent the Navarro mill company while in San Francisco and had a long talk with them regarding the proposed new Navarro grade. He stated that they are perfectly willing to give the right of way and wanted to see the new grade built their only question being as to whether the new grade as surveyed would interfere with their proposed new landing by which the freight will be handled over the bluff. Mr. Clark agreed to meet Supervisor Gillmore on the ground next month and Surveyor John Lane will accompany them and the route will be inspected. If it interferes in any way with the new landing and endeavor will be made to run a new grade that will be satisfactory to all parties. Supervisor Gillmore announces that he is doing all in his power to have the matter of rights of way settled amicably and that he is determined to have the road built.

DEATH CLAIMS A FORMER RESIDENT

Mrs. Kate Bledsoe, formerly a resident of this city, passed away in Oakland Monday evening at the advanced age of 93 years and 10 months. Deceased was born in Wain county, Kentucky. At the age of 27 years she was married to Anthony Bledsoe of Wert, Virginia. For the first few years of their married life they lived in Missouri and in 1874 came to California, where she has since resided.

She was the mother of thirteen children, five of whom have been called by death, being survived by the following: Mrs. Lucinda Woodruff, now living in Alaska; Mrs. Mary Lovan of Missouri, Mrs. Alice Zumwalt and Joe Bledsoe of Oregon, Mrs. Nannie Erickson of Tonopah, Tom Bledsoe of Brownsville, Texas and Mrs. Amanda Crowley of Oakland. The youngest son, Anthony Bledsoe, is a resident of Berkeley, but is at the present time in New York.

Deceased has 32 grand children, 27 great grand children and six great, great grand children.

A few days prior to her death, Mrs. Bledsoe, realizing that the end was near, called her daughter to her bedside, and gave forth the history of her long life and requested that it be read at her burial services.

NOT THE WHOOPING COUGH

Attorney John L. McNab is able to be attending to the business of his clients again after wrestling for several days with a severe cold as John says. The remainder of the family have been laid up with the whooping cough. John however could not afford to spend his time in bed with such a youthful disease.

OPEN AN ART STORE

The Knudsen Art company has opened a store in the McKinlay building. They will carry pictures and frames and will make crayon portraits and frame pictures on short notice. Their ad appears in another column.

VAN DYKE COLLECTS NEARLY ALL TAXES

Tax Collector Van Dyke reports that he has collected ninety-eight and two thirds per cent of the taxes charged this year. This is the greatest per cent of collections in the history of the county and as a consequence the delinquent roll will be very small. Naturally the endeavors of the tax collector and his deputies and the duplicate receipts that have beed sent out are responsible for this.

The total amount of taxes charged was $280,434.26; collected, $276,746.91. The delinquent roll will be only $3687.35. It is probab,e that part of this is due to double assessments and errors in assessing made by the assessor and that actually the per centage of collections is very near 100. Such a competent and efficient official deserverves reelection.

UKIAH BUTCHER BUYS WILLITS SHOP

Mr. Hansen has a large ranch in Round Valley where he will keep his beef cattle which will insure his patrons the best of beef at all seasons of the year.

GOOD ATTENDANCE AT TEACHERS INSTITUTE

(Special to the Press)

WILLITS, May 10—The Mendocino County Teachers Institute which was held in Willits last week was pronounced to be the largest attended and most interesting of any ever held in this county. There are 175 teachers employed in the schools of this county and nearly all of them were present, besides many of the Willits people availed themselves of the privilege of attending the institute.

The general sessions were held in Whited's hall and the high school sections were held in the high school building.

The exhibits of manual training shown this year were the largest and best ever displayed in this county. Most of the schools whether large or small sent some articles of handwork. The exhibits of the grammar schools were arranged in Whited's hall, covering the sides, rear end and temporary partitions arranged for the occasion. The Ukiah grammar school had the largest and best exhibit, it being the first school to undertake the work of manual training. The wood work by the boys and the garments of sewing by the girls were excellent, but many of the smaller schools showed work of fine quality.

The high-school exhibits were arranged in the Odd Fellows' hall. Ft. Bragg high school carried off the honor for the best architectural and mechanical drawing and a fine display of art work.

The first session of the institute was called to order at 10 a. m. on Tuesday. After the singing of our national hymn, "America," prayer was offered by Rev. B. B. Conner; then followed the formal address of welcome and response and some well chosen remarks by Superintendent of schools L. W. Babcock. Institute then adjourned to view the school exhibits.

The session of Tuesday afternoon and the morning and afternoon sessions of Wednesday and Thursday were mostly taken up with papers, addresses and discussions on best plans and methods of teaching reading, arithmetic, geography, grammar and composition, history, civics, manual training and other of the branches in our school course. A number of these methods and plans were given by some of our youngest teachers.

At each session of Tuesday and Wednesday addresses were given by Job Wood, Jr., of Sacramento, on "Personal Discipline" and "Management of Schools."

The evenings of Tuesday and Wednesday were given over to social functions.

At the afternoon session on Thursday Superintendent of Public Instructions, Edward Hyatt, delivered an address on "The Manifest Destiny of California." He said in part, that their destiny is found in hydro-electricity, that the hope of the nation is in the cultivation of the soil of the vast plains of California. The most important problem of our country schools is to keep the boy on the farm, and that unless we improve our farming, the United States will soon have to import breadstuff. In concluding his excellent address he said that it is well for us to peer into the future, for thus can we best serve the world, and that the manifest destiny of California is for the people to own their homes and live by them.

Thursday evening an address was delivered by David Starr Jordan, President of Stanford University. His subject, "The Uplift in Political Life" was ably handled. In the course of his lecture he said that America stands pre-eminent in its permanent wealth and that the standard of political life must be raised; he also touched on nearly every issue wtth which our nation has to do.

The institute closed with the general session on Friday morning. At this session State Superintendent Hyatt gave an interesting address on fossils found in an asphaltum pool about 12 miles from Los Angeles. Also at this session and at each session of the institue, splendid addresses were given by Richard G. Boone, member of the faculty of University of California. Dr. Boone is an enthusiast for manual training in its largest sense, and placed before the teachers the highest ideals and aspirations for their work in training the child. He said that education means more than books, etc.; that the responsibility should be thrown on the child, and thus stimulate him for larger and greater knowledge and a higher quality of efficiency in life.

Through the courtesy of Dr. Maddrill a number of people viewed Halley's commet through the five inch telescope at the observatory this morning. From now on the commet will not be plainly visible until it becomes an evening spectacle.

NOTES REGARDING EAGLES CONVENTION

The committee on entertainment for the Eagles convention report that they can still use more rooms in private houses for visitors. They wish to make it plain that the visitors will merely want rooms at night and will pay for them and expect to eat their meals down town.

Business men are urged to decorate their places of business for the coming convention and the committee has under consideration several prizes for the best decorated stores. The prizes however have not yet been definitely settled.

About five hundred delegates will be in town during the convention week and the accommodations of the town will naturally be heavily taxed. If you have any spare rooms in your house notify Jack Warren, chairman of the entertainment committee.

OLD RESIDENT PASSES

Mrs. Sarah Whited passed away at her home in Willits Monday night at the age of 84 years. The deceased was one of the old residents of the county having crossed the plains in '69 from Iowa. She had made her home in this county ever since on the ranch where she died.

GUARANTEES QUALITY

Best Meat

Is always found at the City Market. C. P. Smith, the proprietor, has been in the butcher business in Ukiah since 1873 and knows the business from the buying of the cattle to the cutting of the choicest portions for particular customers. The mere fact that he has been in business for 36 years is in itself a guarantee of the quality of meats he handles and that during all these years his customers have received a square deal. Thirty-six years in the business also insures that he knows the men who raise the choicest steers, the fattest hogs and the best sheep and he has standing contracts with them so that no matter what the weather conditions are or what the market prices may be his customers are insured the best meat at a reasonable price. If you have any doubt as to the value of 36 years expierence recall the many butcher shops that have been opened in Ukiah during that time and that have gone out of business for one cause or other. The only one left today under the same management is—

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.
